Specifications: File Type: PSD Mockup Dimensions: 5000×3333 Pixels Smart-layer: Yes Mock-up File Format: WinRar Mock-up File Extract only with: WinRar Mock-up File Size: 17.79 Mb Designed By: Graphic Google Free to use personally and commercially, but link-back to website is compulsory. I bet you're familiar with the popular adage that says "Don't judge the book by its cover". It tells us not to prejudge the value of something by its outward appearance alone. However, this may not be so when it comes to purchasing a book. People tend to look at book covers as a deciding factor in purchasing certain books. This is especially true when they do not have knowledge of its content unless the books are the best-selling ones that have already gained popularity over the years. Indeed, book covers are one of the most important aspects of marketing a book. Hence, a book cover mockup is essential for whatever genre of books you are trying to create. Whether you're a self-published author, collaborative groups or independent press it's very important that you plan well your book covers. Those covers can be your powerful marketing tool that will make or break your books first impression. As you craft your cover, always put in mind that it should draw people's attention enough to provide intrigue and charm to potential readers. After all, covers are the window to your book's soul. Meanwhile, a book cover can be more appealing, and well-designed when you have mockups that will make you see its flaws. In designing your book, you need to check if the fonts, colors, and images you use will convey your book's theme. Furthermore, you also need to see if the layout you've planned fits well on the front cover surface not having any spot that can ruin its overall appearance. That's where a book cover mockup does its vital role. In this collection, you'll find different styles of displaying your book cover to a client. Hence, you can ensure that the cover is ready to stand out in the market or needs more tweak to achieve a seamless result. So, see which book cover mockup you will grab for your personal and commercial book projects.
