Most popular twin names

Choosing the perfect names for your twins is not exactly like choosing a name for a single baby. If you agonized for months over what to name one baby, you are in for more than double trouble. Your might want your twins' names to fit well together and complement each other. You may want the names to rhyme, have a theme or special connection, or be totally unique from one another. Lists can help you find the perfect names for your adorable little duo. Verywell / Brianna Gilmartin This is a big decision and there are a few questions you may want to ask yourself before deciding on names: Do you want the names to emphasize that the children are a pair? Can the names be easily confused for one another? (Mia and Nia) Do they have the same initials? (Amy Elise and Amanda Elliott) Can their names stand alone when they are older? Do they have easy alternatives for nicknames? Zygosity is a fancy way of noting whether your twins (or other multiples) are identical (monozygotic) or fraternal (dizygotic). You may decide to let this influence your naming selections. Do you want to give identical twins names that are more similar than fraternal twins? This may also depend on if you have girl/girl twins, girl/boy twins, or boy/boy twins. Matching names can be fun, but they bring a risk of confusion. Madison and Madeline sound alike and both might have Maddy as a nickname. Names that start with the same letter might bring mix ups in data systems, especially considering that the twins will usually have the same birthdate. Giving each child a distinct middle name beginning with a different letter might help alleviate this problem, and the child might decide to use that as their name later in life. Rhyming names were popular for twins in the past, but less so in recent years when there has been more of an emphasis on allowing twins to have distinct identities. But you may like a pleasing rhyming combination knowing you will be using it constantly. Names that rhyme but can be used in a short or long version can allow twins and multiples to vary what they are called as they get older. Be sure to test the names out loud. If you are expecting two girls, there are many fantastic pairing options for your little ones. Patryk Kosmider via Deposit Photos Few things are more exciting than picking a baby name when you're pregnant. And if you're expecting twins, you get to double that list! Since multiples are usually referred to together quite often, you'll want to pick names that flow well together. For example, you don't want to name one Henrietta and the other Allison, ya feel us? Don't worry, we scoured the interwebs for you to find the names that work the best with twins. Let's dive in: Expecting two girls? How gorgeous do these two popular names flow together? You're bound to raise two perfectly mannered lil ladies with names like these. Faith means having trust or confidence in someone or something, and Hope means having an expectation or desire for that thing to happen. If those two names don't balance each other out perfectly, we don't know what does. Olivia was first used in 1602 in William Shakespeare's Twelfth Night, and Katherine was borne by several saints, including St. Catherine of Alexandria, a fourth century martyr. These old classics are still well-known today and mesh perfectly together. Mads and Morgs—these two are already best friends and don't even know it. These are both Latin names; Ava means "living one" and Mia means "Mine" or "Wished for." How sweet is that? Bonus: There will be no jealousy over who has more letters in their name (twins fight about the darndest things). Both of these made BabyCenter's list of popular baby names for 2018—we can see why! They're both of English descent (though Nora also has Italian, Irish, Albanian, Scandinavian, Arabic, and Baltic roots) and are both absolutely lovely. Sophia was a name used by European royalty in the Middle Ages, and Stella is Latin for "star." No wonder they sound so magical together. These were both popular in the 1970s (both ranking in the top 50 names during that time) and today they're ranked in the 3,000s. We think it's time to bring 'em back together! We're loving these trendy names and how well they work together. These two are destined to be artists, we think. Both French. Both beautiful. Enough said. Expecting two boys? Apparently "Jacob and Joshua: Nemesis Rising" is a reality TV show, but that's not why we paired them. We just think these two classics flow great together! Both of Hebrew origin, and both on popular baby name websites for years and years. No wonder they go so well! Owen means "young warrior" and Liam stands for "warrior and protector." These two will both have names to be proud of, that's for sure (plus, they'll likely grow up to be well-mannered lads). These are both of English origin—and they're both common and classic. Also common and classic names, Drew and Matt are destined to be BFFs, don't you think? Maybe it's because this writer had a crush on both a Scott and Steven in her life that this seems to work. Sorry, this one isn't scientific, just go with it. These names both have that old-fashioned, yet modern appeal. On the contrary, these two are more trendy—another pair that made Baby Center's list of most popular baby names of 2018. Leo translates to "Lion" in Latin and Jonah translates to "Dove" in Hebrew. What more can we say? It's a perfect pair. The name Anthony is derived from a Roman clan name, and Benjamin in the Old Testament is the founder of one of the southern tribes of the Hebrews. Kind of cool, huh? Expecting a boy and a girl? Starting off with two Ms—you can think that's corny or cute, but we're going with the latter. All right, so a lot of these will have the same first letter (understandably so). But we love these classic names that have recently come back into style (they both made the same popular names list on Baby Center). Aurora is the name of the princess in Sleeping Beauty, and Philip is the name of the prince. Is that weird, or does it work? We're going with the latter because they're both such classic, lovely names. This one is a little odd, but bear with us: Kennedy is derived either from O Cinnéide meaning grandson of Cinnédhíh, or ceann and éidigh meaning "ugly head." Keith is derived from the Middle High German kit, a word meaning "sprout," "offspring." We think those are the most random meanings, and we kind of dig it. In English, Derrick means "gifted ruler" and Donna's original meaning is similar to "lady of the home." Uh, yes. Sage means "wise and knowing" and Athena was the Greek goddess of wisdom. You're sure to have a set of twins who grow up to be Einsteins! We admit, this one is a little yin and yang, but maybe that just means these names are best for identical twins. Yes, they kind of rhyme. But come on, it's adorable! Plus, both these names are English, Scottish, and Irish, which is probably why they work so well together. Both trending right now, we can't get over how much we like these two together. If you say these two fast together, they kind of turn into one name: Myatt. We don't hate it. What do you think of these twin names? Would you ever name your set of multiples one of these? Tell us your favorite pairing in the comments! Finding a baby name that suits your child is tricky enough. When you're expecting twins, you have to find not one, but two names that you not only love, but that work well together. While some parents with twins take this idea a little too far (Beau and Arrow are probably going to hate their parents later in life), there's a happy medium too. Another common trend for parents naming their twin daughters is to choose a name that starts or ends with the same letter for extra matchy matchy rhyming fun. Amazingly, Australia's most popular baby girl name, Charlotte, does not make the list at all. But both Heaven and Neveah do. Go figure. Olivia and Sophia Gabriella and Isabella Ella and Emma Faith and Hope Makayla and Mackenzie Heaven and Neveah Isabella and Sophia Mackenzie and Madison Hailey and Hannah Abigail and Olivia Ava and Emma Ava and Olivia Ava and Mia Emma and Olivia Addison and Avery Ava and Ella Arianna and Brianna Isabella and Olivia London and Paris Faith and Grace Boy/boy twin names Jacob has always been a popular name in America and it would appear the trend continues with twins as well, with Jacob one of the most popular names for twin boys. Other common names include Isaiiah, Logan, Matthew and Joshua. 15 out of the 20 most popular twin boy names all start with the same letter. And three sets of twin boys have names with perfect rhymes. Like the girls' list, the most popular Aussie baby names for boys - Oliver, William and Jack - do not make the list. David and Daniel Jacob and Joshua Isaac and Isaiiah Jayden and Jordan Ethan and Evan Elijah and Isaiiah Matthew and Michael Jayden and Jaylen Ethan and Nathan Jayden and Kayden Landon and Logan Logan and Lucas Caleb and Joshua James and John Jeremiah and Josiah Logan and Luke Alexander and Benjamin Andrew and Matthew Chance and Chase Hayden and Hunter Girl/boy twin names Once again, choosing twin names that start with the same letter seems to be the trend for boy/girl twins.
